**FMCOIN** is changing the format on our NING site. We have eliminated the district work groups and instead would like to replace them with pages available for Indiana tea party groups to open their own. We are also opening this option up for local and statewide Candidates. [\(Click here for more information\)](#)

### Indiana Gov. Prepares For Massive 'Right to Work' Battle

### Corrections from last weeks email

We apologize for an error stating that Todd Rokita voted against the NDAA bill. In fact he voted for the bill in May, 2011 but voted against the bill in December, 2011. Had the House not passed it in May, 2011, there would not have been a vote in December. Please review the link which contains a possible error regarding the youtube with Mark Levin and the Neurosurgeon posted on the January 2nd. [Click here](#)
