Obamacare For the Internet: STOP SOPA NOW!

SOPA (Stop online piracy act) and its Senate cousin PIPA (PROTECT IP) are government solutions in search of a problem. Created under the false flag of piracy protection, this bill allows unelected bureaucrat US Attorney General (Eric Holder) to close down without due process, any site listed in a complaint. SOPA grants the federal government the right to restrict search engine results, freeze merchant accounts and force your internet provider to block any site branded in violation of SOPA.

A Victory In The Fight Against U.N. Agenda 21 **California's Redevelopment Nightmare Coming to an End**

In a landmark victory for private property owners in the Golden State, the California Supreme Court upheld a statute abolishing the nearly 400 redevelopment agencies across the state. The court also struck down a law that would have allowed these agencies to buy their way back into existence. The final outcome of the case is that, in 2012, California's decades-long redevelopment nightmare will finally come to an end. -- [Click here to read more](#)

Health Care Compact

A message from Jim Bratten (*Indiana State Coordinator, Tea Party Patriots*) -- Rep. Tim Neese (R-Elkhart) is introducing the 'Health Care Compact' in Indiana Statehouse. The 'Health Care Compact' moves the responsibility and authority for regulating healthcare from the federal government to the states.

Let's change WHO decides! Together we can regain control over our healthcare from faceless bureaucrats in Washington, DC.

What can you do? Call or email your state legislators and encourage them to join the self-governance movement and cosponsor the 'HealthCare Compact'.

Here is the op-ed article written by Rep .Tim Neese, the Indiana 'Health Care Compact's' sponsor in the House, which appeared in the Indianapolis Star -- [Click here](#)

Animal Waste Processing Plant in Monticello

Are you concerned about a proposed animal waste and other organic waste processing plant in Monticello? You should be! Property rights WILL be at stake. Sixth Street Industrial Park WILL be doomed. Reynolds is BIO-TOWN! Not Monticello! It is time the residents of White County have a voice! DO NOT let these decisions be made for you by special interest bureaucrats.

Please attend a meeting concerning these issues:
